

**PETERSBURG BOROUGH PUBLIC HEALTH MANDATE #**  
**(Submission of Travel Plans)**

Under State of Alaska Health Mandates #10.1 and 12, certain businesses are required to submit travel plans to the State of Alaska which demonstrate how the business plans to avoid the spread of COVID-19 and protect the communities in which they operate. It is vital that such plans also be provided to the communities themselves, to ensure that local concerns are made known and addressed. Enforcement of the requirements of travel plans will likely be at the local level, as State enforcement appears to be extremely limited at this point in time.

Accordingly, due to this ongoing public health emergency, it is in the best interest of the safety and health of Petersburg that the required travel plans be submitted to the Borough for review and comment. The conditions of this Mandate are designed to provide the least necessary restrictions.

**UNDER THE AUTHORITY OF PETERSBURG MUNICIPAL CODE CHAPTER 3.72, THE BOROUGH ASSEMBLY HEREBY ORDERS:**

Any business intending to bring or send workers into the Petersburg Borough and that is included in 'Alaska's Essential Services and Critical Infrastructure' (formerly Attachment A), and therefore required under State Health Mandate 10 and/or State Health Mandate 12 to submit a protective plan to the State of Alaska, is also required to simultaneously submit the plan to the Petersburg Borough for review and comment. If the plan has already been submitted to the State of Alaska, then it shall be submitted to the Borough within 24 hours of the effective date of this Mandate.

The plan shall be submitted to the Petersburg EOC Incident Commander at: [EOC@petersburgak.gov](mailto:EOC@petersburgak.gov)

The Commander shall respond to a business submitting a plan with any requested revisions or amendments which would better serve to protect the community, within three business days of submission unless extended by the Commander for good cause, and shall work with the business in good faith to come up with an acceptable plan.

**Effective Date and Duration.** This Ordinance shall be effective immediately upon adoption and shall remain in effect during the effective periods of State Health Mandates #10 and #12, unless earlier terminated.

**Effective Area.** This Order is applicable borough-wide.

Passed and Approved by the Petersburg Borough Assembly on April \_\_\_\_\_, 2020.
